

Molecular mechanisms of developmental and regenerative biology

26 – 29 April 2022

Organizer

Ian Chambers

Centre for Regenerative Medicine, UK

Tadashi Ogawa

Kyoto University, JP

Mitinori Saitou

Kyoto University, JP

Co-organizers

Takashi Hiiragi

EMBL, DE

Patrick Tam

Children's Medical Research Institute, AU

Elly Tanaka

Institute of Molecular Pathology, AT

Registration

Registration deadline

26 March 2022

Abstract submission deadline

26 February 2022

Speakers

Kiyoakazu Agata

National Institute for Basic Biology, JP

Ruth Baker

University of Oxford, UK

Anne Ferguson-Smith

University of Cambridge, UK

Misao Fujita

Kyoto University, JP

Jianping Fu

University of Michigan, US

Yukiko Gotoh

The University of Tokyo, JP

Anna-Katerina Hadjantonakis

Sloan Kettering Institute, US

Carl-Philipp Heisenberg

Institute of Science and Technology, AT

Takashi Hiiragi

EMBL, DE

NG Huck Hui

Genome Institute of Singapore, SG

Azusa Inoue

RIKEN, JP

Jeannie Lee

Harvard Medical School, US

Jochen Rink

Max Planck Institute for Biophysical Chemistry, DE

Mitinori Saitou

Kyoto University, JP

Hans Schöler

Max Planck Institute for Molecular Biomedicine, DE

Marta Shahbazi

MRC LMB, University of Cambridge, UK

Amy Shyer

Rockefeller University, US

Austin Smith

University of Exeter, UK

Masayo Takahashi

RIKEN, JP

Patrick Tam

Children's Medical Research Institute, AU

Elly Tanaka

Institute of Molecular Pathology, AT

Xavier Trepas

Institute for Bioengineering of Catalonia, ES

Shinya Yamanaka

Kyoto University, JP

Barbara Treutlein

ETH Zürich, CH

Shosei Yoshida

National Institute for Basic Biology, JP

Maximina Yun

CRTD & MPI-CBG, DE
