Constituent Society of which Proposer 2 is a member

(if same as above, indicate “As above”, otherwise provide name of Society

.....

Submission of Nomination

The completed Nomination Form and Nomination Proposal should be saved as a single pdf file (file name: 2017_FAOBMB RESEARCH AWARD_APPLICANT SURNAME.pdf)

This file is to be sent by email to the Secretary General of FAOBMB, Professor Phillip Nagley (phillip.nagley@monash.edu) no later than ***1 May, 2017***.

Note: Should a proposer wish to include a confidential reference concerning the nominee, this should be sent separately to the Secretary General who will include this in the nomination documents provided to the Award Committee.

Unless otherwise advised, a valid nomination will be considered for this and the next two years; nominees will be given the opportunity to provide an update each year.

The FAOBMB Award Winners will be notified and listed on the FAOBMB website before 1 August, 2017.

The FAOBMB reserves the right not to declare a winner of the Award for Research Excellence if a suitable candidate is not found in any one year.

CONFIDENTIAL TO THE FAOBMB AWARDS COMMITTEE

NOMINATION PROPOSAL

Formatting: A4 paper, double-spacing and 12 point Times Roman font.

Any nomination failing to comply with formatting requirements and maximum specified space limits (see below) will be removed from further consideration.

This award is for senior scientists with distinguished track records. Nominations for more junior scientists, including recently graduated postdoctoral fellows, will not be considered. Such nominations may be more suited to the FAOBMB Young Scientist Award (selection for which takes place only in the year when the triennial FAOBMB Congress is held).

1. Nomination Form

Attach the form on the previous page as the front page of the nomination, with all sections completed.

2. Nominee's educational qualifications

3. Nominee's current and previous appointments and positions

4. Nominee's previous honors and awards

5. Citation. [2 pages]

This should be a description of the nominee's major scientific contributions in relation to the objectives of the Award, the significance of these contributions, an explanation as to why the nominee is especially qualified to receive the Award, and a description of the nominee's contribution where the nominee has been part of a research team or teams.

6. Representative list of the nominee's peer reviewed publications (single spaced)

This list should not include abstracts.

The 10 best representative publications with a brief annotation for each paper (no more than 4 lines) describing its significance. Numbers of citations, the impact factor of the journal, and the ranking of that journal within its field based on impact factor (specify field if not Biochemistry and Molecular Biology), must be given for these 10 publications.

N.B. A full list of the nominee's peer reviewed publications (single spaced) is required to be attached to the nomination form
