A note from the President

Dear Friends of IUBMB,

A major mission of the IUBMB is to provide research and education opportunities for the next generation of biochemists and molecular biologists, especially for trainees in areas with limited resources.

The [Wood Whelan Fellowships](#) provide funds for students and postdoctoral fellows to travel to a lab in a different country to advance their training and is one of our most popular programs. We have supported over 350 fellows from Africa, Europe, the Americas, and Oceania/Asia since 1983. For many awardees, this opportunity was a key stepping stone in their path to successful career in biochemistry and molecular biology. We have been highlighting past awardees on our Wood Whelan Wednesdays on the IUBMB social media.

				
Victor Chaban	Pornngarm Dejkriengkraikul	Sigrun Lange	Ramiro Iglesias-Bartolome	Sindisiwe Buthelezi
Ukraine to UK	Thailand to USA	Iceland to Switzerland	Argentina to Canada	South Africa to Belgium
Professor of Medicine Charles R. Drew University of Medicine and Science (CDU) and University of California Los Angeles (UCLA) USA	Professor Faculty of Medicine Chiang Mai University Thailand	Reader in Molecular Pathology Lead of Tissue Architecture and Regeneration Research Group University of Westminster UK	NIH Stadtman Investigator LCMB, Center for Cancer Research National Cancer Institute USA	Senior Researcher Council for Scientific and Industrial Research (CSIR) South Africa

IUBMB Relocation Support for Displaced Trainees Newest Program

Our newest program, [Relocation Support for Displaced Trainees](#), supports graduate students and postdoctoral fellows displaced from their labs because of natural disasters, war, or other events beyond their control that interrupt their training. This programme provides financial support of up to US \$2000 for trainees to relocate to a new host lab to continue their research. Applications will be reviewed immediately upon receipt and decisions will be made within

- [EMBO Solidarity list](#) – A list of life scientists across Europe and beyond offering to host Ukrainian researchers in their labs
- [#ScienceForUkraine](#)
- [Global Research Groups Supporting Ukrainian Scientists](#)

If your lab is able to host a displaced student, consider submitting information in one of the above websites.

Did you know you can make [charitable donations to the IUBMB](#) and that 100% of your funds go directly to our programs?

The leadership of the IUBMB is 100% on volunteer basis. Please consider donating to the IUBMB to help in our mission of providing research and education opportunities to our members around the globe. You can make tax-deductible contributions in the US or in Europe. Select from these programs:

IUBMB Relocation Support for Displaced Trainees (currently with special emphasis to Ukrainian trainees)

General Contribution to the Society

Fellowship Programs to Visit Lab in Different Country

Diversity, Equity, and Inclusion Program Fund
