

Dear friends,

Thank you very much for sharing this update with your network.

Dear colleagues,

Due to a large demand, the **deadline for abstract** submission to the [LS² Annual Meeting 2024](#) and its [Young Scientists' Satellite](#) (*February 13–15, 2023 Lausanne*) is **extended to 15 November 2023**.

[Register now here.](#)

By submitting an [abstract](#), you:

- can be selected for a short talk in one of our [9 scientific symposia](#).
- can be selected for a short talk in the Young Scientists' Satellite.
- will have a spot for your poster. **We have 11 poster prizes!**

We will apply for the [3R accreditation](#) after the abstract submission deadline (the meeting usually gets 1–2 days of continuous education in the field of animal experimentation).

Looking forward to seeing you in Lausanne!

We wish you a nice day.

*Adela Calvente & Neringa Mannerheim
Scientific Officers
Life Sciences Switzerland*

P.S.: Our Annual Meeting usually gathers an audience of more than 400 participants from Switzerland and abroad, with keynote international speakers. With a registration fee, you help us to cover all resources we are putting in place (on-site and online) to bring you the meeting you deserve and allow LS² to continue our activities. We thank you in advance for your participation and support.
