

Dear FAOBMB council representatives

I trust you are all well. Please find attached information in the upcoming FEBS Education and Training Conference that will be held in Kusadasi (Türkiye) between 25-29 March next year. If you can pass this information onto members of your national society that would be great. Hopefully there will be a number of people from the FAOBMB region who will attend the meeting.

Thanking you for passing this information onto your national societies.

Regards

Terry

**Professor Terrence Piva, PhD**

FAOBMB Secretary General

IUBMB Ambassador to FAOBMB

BBS(Hons) Program Coordinator

Head Photobiology & Skin Cancer Laboratory

**RMIT**  
UNIVERSITY

School of Health & Biomedical Sciences

STEM College

RMIT University acknowledges the people of the Woi wurrung and Boon wurrung language groups of the eastern Kulin Nations on whose unceded lands we conduct the business of the University. RMIT University respectfully acknowledges their Ancestors and Elders, past and present. RMIT also acknowledges the Traditional Custodians and their Ancestors of the lands and waters across Australia where we conduct our business.

Dear scientists

We invite you to participate the FEBS Education and Training Conference 2026; organized the second round (after 2024) on molecular life sciences teaching and training.

What to expect:

- Awesome plenaries that'll shift how you think
  - Certified FEBS Academy workshops that dive deep into what matters
  - Hands-on education workshops where you'll actually do the thing
  - Short talks & posters to share what works (and what doesn't)
- ...and our brand-new
- "Debate of the Day" feature (yes, things might get heated, though in the best way).

Whether you've been teaching for decades or you're just stepping into education, there's a spot here with your name on it.

The sun's waiting. The community's waiting. Your next breakthrough idea? It's waiting too.

Warmly,

Nino Sinčić (Conference Vice-chair) & Ferhan Sagin (Conference Chair)
